6.3" FHD+ Waterdrop Display | 4050mAh Large Battery

Wide Angle Triple Camera | 12000\* 9024 Photo Resolution | 30x Zoom In

Made for Australia

A person wearing a red cap, a blue jacket, and tan pants is walking on a beach. In the background, a large smartphone screen displays a vibrant sunset over the ocean. The person is walking on the beach, and the screen is positioned behind them, making it appear as if they are walking on the beach scene shown on the phone.

## Enhanced AI Performance

Y5 is equipped with the Helio P60 processor from MTK. The 12nm process improves the single core CPU performance by 72%. The P60 uses a combination of triple core ISP and dual-core APU to form a super camera system that provides hardware-level implementation and RAW HDR capabilities. With 4GB RAM and 128GB storage, expandable to 256GB, Y5 can meet your daily needs.
